Start a Revolution. Use Sustainable Transportation

Morgantown, WV

Positive Spin is a service and education organization whose goal is to promote community friendly transportation and development. We support citizens who choose to walk, bike, bus and carpool.

Phone: 304-276-0213
Web: www.positivespin.org
Email: info@positivespin.org

Thank You For your Support.

What We've Done in Morgantown Since 2005

Recycled bikes: About 1000 bikes/year come through our doors instead of going into the landfill. Many of them become transportation and recreation for local residents. Proceeds support other projects.

Advocacy: Advising Morgantown, WVU and regional leaders about existing and emerging ideas in sustainable transportation

Information: Website forums and links to walking, biking, transit and carpool resources.

Bike Parking Design: For Morgantown and WVU, to help support citizens who ride to work and school.

Technology: Developing pedal generators for human-powered electricity.

Christmas Bikes: We refurbish and donate bikes for Christian Help's toy drive and other local charities.

Positive Spin has also....

- Given presentations to local civic and environmental groups
- Given citizens a forum to discuss and act positively for Morgantown's transportation future.

With your help we can do even more. Join, Volunteer or Donate to help us make sustainable transportation fun for everyone.

We Offer....

Discount Helmets and locks Member bike services

- Shop facilities, tools
- Expert repair assistance
- Recycled parts
