

Bike Shipment to Cumberland, MD and Bikes for the World

May 23rd, 2009
Morgantown, WV

Throughout the year Positive Spin gets more bikes than we can use locally. Through a partnership with the Western MD Wheelmen, Rotary Club of Cumberland and Bikes For The World in Washington DC these bikes will be shipped to developing nations where they will be used for basic transportation. This year 100 bikes were collected in Morgantown and another 120 in Cumberland and all 220 are on their way to adults and children worldwide who will make good use of them.

Special thanks to Sound Investments' Bill Arnold (who provided the delivery truck) and Mark Rosso (who drove and worked like crazy to load bikes in Morgantown and Cumberland).

Positive Spin volunteers Mark Rosso, Nick Hein, Will Ravenscroft, Tricia Hein and Brandon (?).
